

A TUITION-FREE training opportunity presented by the Federal Law Enforcement Training Center and hosted by the United States Attorney's Office

Below 100 - Preventing Line of Duty Deaths

**Where: ILEAS Training Center
Urbana, Illinois**

When: February 29, 2012

(2) Four hour blocks: 8:00 am - 12:00 pm

or 1:00 pm - 5:00 pm

Program Focus:

The BELOW 100 is an awareness-based, impactful course focusing on preventing line of duty deaths where officers contribute to their own death through their actions. It's been more than 65 years since the annual number of line-of-duty police deaths was fewer than 100. Law Officer's BELOW 100 initiative will change that by concentrating on areas that can most effectively save officers' lives. BELOW 100 is an awareness campaign, combined with a training program that will provide a commonsense solution to driving down a number that has remained too high for too long.

BELOW 100 is not about statistics. It's about each and every officer, trainer and supervisor taking individual and collective responsibility for the decisions and actions that contribute to safety. The five basic tenants of this program, combined with strong personal commitment, will reduce line of duty deaths across America to levels not seen since the 1940's.
